

## SHORT BIO

JOSEPH ANTHONY C. HERMOCILLA is an Assistant Professor at the Institute of Computer Science, University of the Philippines Los Banos, where he leads the Systems Research Group. His primary research interest is Computer Systems, in particular Operating Systems, Computer Networks, Distributed Systems, and Cybersecurity. He is passionate about Computing in general and shares his knowledge and expertise through teaching, mentoring, publishing, consulting, and coding. He strongly advocates developing and using Open Source software and Open Access educational content.

He is currently working on his Ph.D. in Computer Science at UPLB where he aims to develop methods to effectively and efficiently utilize private and hybrid clouds for High-Performance Computing and Computational Science workloads.

His professional life is inspired mainly by three key phrases: "Honor and Excellence," "Serve the People," and "Ad Majorem Dei Gloriam".

More information about him is available from his website at <https://jachermocilla.org>.
